

## A LIVE WIRE SALESMAN

C. E. ROOT

Mr. C. E. Root has taken possession of the Frazier Building on North Fulton street and is "All Set" to handle all kinds of second hand goods. In opening this salesroom Mr. Root who has proven himself an expert salesman having graduated from a Sales School will serve at least two classes of people: Those who have articles they wish to sell and those who are in need of household or other articles which they can secure at less than first cost. If you have anything to sell take it to C. E. Root. If in need of a used article, look over Root's collection in the Frazier Building. Goods sold on commission.

## DESPONDENCY

Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

**NORTHWEST GORHAM**  
Mr. and Mrs. Fred Ronk of Toledo and Mrs. Chas. Schlegel were guests of Mr. and Mrs. Hoy Stoner last Friday.  
The Misses Mabel and Alma Spring returned Thursday from a two weeks' visit with relatives at Shelby and a day at the State Fair.  
Mr. Heim and W. E. Simmons of Champaign, Illinois, spent Friday with Mr. and Mrs. Marion Simmons.  
Mr. and Mrs. Silas Ries of Ionia, Michigan visited Mr. and Mrs. Leon Morr part of last week.  
Mrs. Mary Marks is visiting at the John Snyder home preparing to leave for her own home at Sears, Michigan.  
Mr. and Mrs. Park Smith of Detroit visited Saturday night with Mr. and Mrs. V. J. Wise.  
Mr. and Mrs. Fred Ronk of Toledo and Mrs. Hoy Stoner spent Saturday and Sunday at Devils Lake.  
Mr. and Mrs. Frank Pifer and son Walden, John Bell and family of Denison and Mrs. Harvey Graham, helped Miss Pearl Kinkaid and Mr. Pifer celebrate their birthdays at the John Kinkaid home, Sunday.  
Mr. and Mrs. Earl Brink spent Sunday evening with Mr. and Mrs. Marion Simmons.  
Ray Hibbard and family called at the home of Crandall Lester and family Sunday afternoon.  
W. F. Spring and family visited with V. S. Spring and family at Wauseon Sunday.  
Mrs. Ed Hartley and daughter Loretta and Alice Merideth were Sunday guests of V. J. Wise and family.  
Mrs. Ed Hibbard is spending several days with her daughter, Mrs. Crandall Lester.

**JUST WHAT SHE NEEDED**  
"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bakson, Chillicothe, Mo. "They not only relieved me of indigestion but toned up my liver and rid me of backache and dizziness. I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

**Weak, Weary Women**  
Learn the Cause of Daily Woes and End Them  
When the back aches and throbs. When housework is torture. When night brings no rest nor sleep. When urinary disorders set in. Women's lot is a weary one. Doan's Kidney Pills are for weak kidneys. Have proved their worth in Wauseon.  
This is one Wauseon woman's testimony.  
Mrs. Milton Foster, N. Fulton St. says: "A few years ago I was troubled with severe backaches. I could hardly get around to do my housework. I dreaded to think of the days I had to do my washing and ironing. In leaning over the tub, sharp pains caught me in my back and when I went to the floor, I was bothered terribly. My kidneys weren't doing their work as they should. I had headaches and dizzy spells when I had to take hold of something for support. I learned of Doan's Kidney Pills through a friend and took some. Three boxes cured me of the terrible pains in my back and put my kidneys in good working order again."  
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Foster had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## STATE'S STADIUM TO COST MILLION

Backeye University Plans Largest Athletic and Civic Arena in the United States.

WILL SEAT 63,000 PERSONS

Present Physical Education Plant Too Small While Enrollment Continues to Grow by Leaps and Bounds.

New Recreational and Military Field Comprises Tract of 92 Acres. Given to University by Board of Trustees For Development.

Columbus, O.—(Special).—The interest of the people of the middle west will soon be centered upon the proposed stadium to be built at Ohio State University here. When completed, the structure promises to be the real Circus Maximus of America. It will be named "The Ohio Stadium," in honor of the state.  
The cost of the structure, which Samuel N. Summer, chairman of the Ohio stadium committee, terms "a colossal monument to the physical aspirations of Ohio's youth," will be one million dollars. The fund will be raised among the alumni, former students, undergraduates and friends of the university through a campaign to be launched on October 18, immediately following the Golden Jubilee celebration.  
Details of the great arena have been submitted to the Ohio stadium committee. It will be located on a tract of 92 acres along the banks of the Olentangy river, just west of Neil avenue, which was given to the university by the board of trustees a few years ago for development as a

## OHIO STATE TO HAVE BEST STADIUM IN U. S.

Columbus, O.—(Special).—Ohio State University students, alumni and friends will begin a campaign October 18 to raise \$1,000,000 for a new athletic arena, to be known as the Ohio stadium.

It will be 167 feet high and one-third of a mile in circumference. It will seat 63,000 persons, with 600 seats accommodating 1,700. If the tiers of seats were stretched out in a straight line they would reach for 21 miles.

Fifty-six stairways will feed into 112 aisles, enabling the stadium to be emptied in seven minutes.

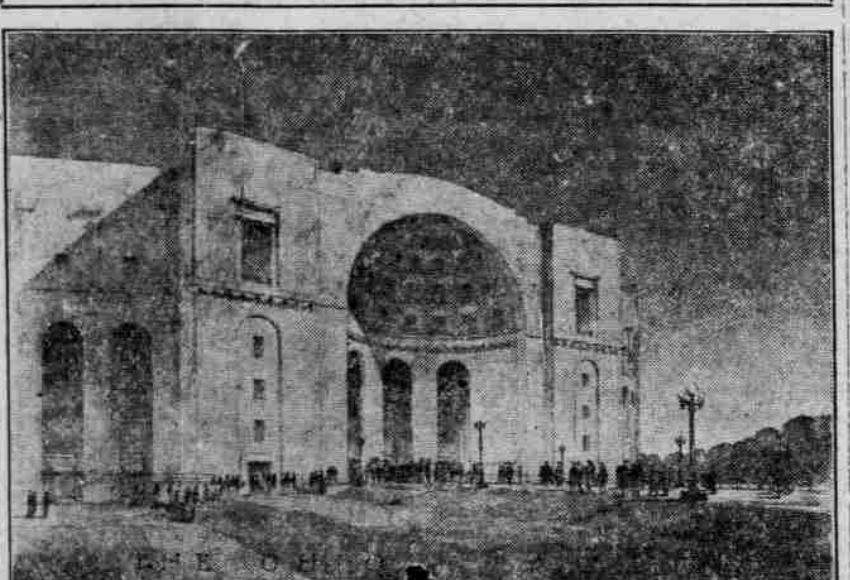

The north end will have a movable stage for open air plays, concerts, etc.

The space under the seats may be used for indoor sports, horse or automobile shows, lockers, dressing rooms, etc.

In addition to the stadium the athletic field is large enough to lay out five practice football fields, twenty baseball diamonds and scores of tennis courts.

There were 7,224 students registered at the university, and it is conservatively estimated that within the next few years the undergraduate body will number well in excess of 10,000. The university's military department and the increasing popularity of physical education, which includes intramural and class athletics have become so extensive that expansion is absolutely essential. Last year's spring intramural football attracted nearly 2,000 entries, and 4,000 men and women students participated during the college year in competitive sport. There were no facilities for the balance of the students, while those who did compete did so under severe handicaps, said Mr. Summer. In the military department the

## TO BE NATION'S GREATEST STADIUM

Main entrance to the proposed Ohio Stadium, to build which the alumni, former students and friends of Ohio State University will raise a fund of \$1,000,000 by popular subscription. The movement will be inaugurated on Oct. 18 through Ohio and in large alumni centers outside of the state. The stadium, which will be named for the state, will seat 63,000 persons when completed and will be the finest of its kind in the country, eclipsing all previously constructed stadiums in seating capacity, architectural beauty and utilitarianism.

recreational and athletic field. The proposed structure is U-shaped in design with two seating levels in elevation. This double-deck seating arrangement has an advantage over all previously constructed stadiums, as the spectators will be seated as closely as possible to the contests and in inclement weather the greater part of the lower tier will be protected.

The total seating capacity will be 63,000. The distance around the outside will be a little more than one-third of a mile. It will be 167 feet high and the boxes will accommodate 1,700 people. If the long tiers of seats were stretched out in a straight line they would come within four miles of reaching from Columbus to Delaware, or a distance of twenty-one miles. The thousands who attend the future athletic events at the university will be easily handled through fifty-six stairways that will feed one hundred and twenty aisles, enabling the stadium to be emptied in seven minutes. Tickets will be taken at eighty-three entrances.

The north, or closed, end of the stadium, with its movable stage, will be used for open air plays, motion picture exhibitions, pageants and the concerts on a gigantic scale. Under the seating space provision has been made for lockers, dressing rooms, and two spaces each eighty by four hundred feet available for indoor horse shows, industrial exhibitions and indoor athletics.

Mr. Summer said yesterday that the stadium will be for all Ohio. As an architectural triumph, he declared, it will lend prestige to the state by giving it the finest structure of its kind in the country. It will open out into a vast expanse which will include five practice football fields, twenty baseball diamonds and scores of tennis courts.

Discussing the need of such a recreational and athletic plant at Ohio State University for the accommodation of the growing thousands of undergraduates desiring to take part in the various forms of competitive sport, the chairman of the Ohio stadium committee said that the university has tremendously increased its field, which at present furnishes an inadequate home even for its varsity teams. When Ohio field was built the undergraduate enrollment was scarcely two thousand. Last year

## NOTICE TO WATER WORKS CONTRACTORS

Sealed proposals will be received by the Board of Trustees of Public Affairs of the Village of Wauseon, Ohio, at their office in the Council Chamber until 12 o'clock noon of Thursday, the 23rd day of September, 1920, and there to be publicly opened and read by the clerk, to furnish all tools, labor and materials and construct certain improvements to the municipal water works system, including a rapid sand, gravity filter plant and appurtenances, consisting of two units of 375,000 gallons each with provision for two additional units later, in accordance with the plans and specifications now on file at the offices of the Board of Trustees of Public Affairs at Wauseon, Ohio, and of the W. J. Sherman Company, Engineers, Toledo, Ohio.

Copies of bidding blanks, contracts and specifications may be obtained from the undersigned and copies of the plans from the engineers upon depositing the sum of Ten Dollars of which sum Five Dollars will be refunded if plans are returned to the Toledo office within three days after the letting.

By order of the Board of Public Affairs. JAMES KING, Clerk.

Campus Togs and Gold Bond clothing and Overcoats, made to suit the customer in every way and are guaranteed satisfactory. Sold by Samuel Huppert.

## Headache

THOUSANDS OF WOMEN suffer miserably from periodic attacks of headache, never dreaming that a permanent cure may be had. Headache nearly always results from some disorder of the stomach, liver or bowels. Take Chamberlain's Tablets. They will correct these disorders and there will be no more headache. Many have been permanently cured by Chamberlain's Tablets.

## SUBSCRIBE FOR THE TRIBUNE.

These two sketches are from photographs of Signor Frisco's amazing act, now being billed over the Keith and Affiliated vaudeville circuits.  
Signor Frisco comes onto the stage and plays. Suddenly he stops playing. His xylophone performance continues.  
Then the curtains of the back drop part. The New Edison is revealed. It has taken up Signor Frisco's xylophone and is RE-CREATING it alone.

## You can hear it in our store

—the phonograph that is featured in Vaudeville's strangest act

Perhaps you've seen it—Signor Frisco's "Magic" Xylophone Act. It's the hit of vaudeville's "Big-Time." Signor Frisco's "magic" is an Official Laboratory Model of the New Edison. We have one exactly like it. Signor Frisco's instrument is an exact duplicate of the original Official Laboratory Model, which cost Mr. Edison three million dollars to perfect. Our instrument is also an exact duplicate of this famous three million dollar original. We guarantee it to be able to give the same marvelous RE-CREATIONS of music, which Signor Frisco's Official Laboratory Model gives in vaudeville. Come in and test the astonishing realism of this instrument for yourself—in Mr. Edison's Realism Test.

## The NEW EDISON

"The Phonograph with a Soul"

You've read how the New Edison has proved its perfect realism. Four thousand tests have been given, in which more than 50 different artists compared their art with its RE-CREATION by the New Edison. Leading newspapers conceded that there was no difference between the two. Has any one suggested to you that these comparison tests are "faked"?—that the artist imitates the New Edison? Signor Frisco's performance makes such an assertion positively ridiculous. Every week, 20,000 people see his hammers ripple over the xylophone keys. Suddenly he holds them aloft—still. The rippling music continues. Slowly, the gorgeous curtains of the back drop part. The audience gasps. The New Edison stands revealed. It has taken up Signor Frisco's performance, and is now RE-CREATING it alone. The effect of this extraordinary magic can rest upon only one fact: No one can distinguish any difference between Signor Frisco's performance and its RE-CREATION by the New Edison. Signor Frisco could not possibly imitate the New Edison, because the xylophone can not be made to imitate any other instrument, so as to deceive its hearers. Signor Frisco's act is not an Edison enterprise. He has simply been clever enough to use the New Edison for what it is worth. Why don't you? **PRICES** The price of the New Edison has increased less than 15% since 1914. This includes the War Tax. Mr. Edison has staved off price advances by personally absorbing more than half of the increased cost of manufacture. Because of the exceptionally high quality of materials and workmanship demanded by the Edison Laboratories, and the continued scarcity of both, it may be necessary to advance prices. But rest assured that this will not occur, unless Mr. Edison is forced to it. Our Budget Plan—the thrift way of spending—will help you buy now. Let us tell you about it.

## GEHRING'S NEW EDISON STORE
